

**Transo-Pharm** was founded in 1987. Back then the iron curtain was still up, Tim Berners-Lee hadn't yet invented the World Wide Web and nobody thought about smart phones. Around that time, we introduced the TP-Calendar to our business partners; one of the first with a 4-month overview.

Well, time has changed. Our working places look so much different now than they did back then. We have calendars on our smart phones as well as on our computers. The world has become more digital.

Back in 1987 **Transo-Pharm** was founded on values, which distinguish us and guide our actions. We conduct our business in a socially responsible and ethical manner. We respect the law, support universal human rights, protect the environment and care about the communities we work in.

Today, we start to send out our last and final edition of our TP-calendar. **Transo-Pharm** stays committed to provide quality products and superior customer service. And we stay curious on what lies ahead of us...
